

INTRODUCING WILIER PPL TO BROADRIBB CYCLES BANBURY

SPECIALISED EXPERTISE FOR CYCLING PERFORMANCE NOW AVAILABLE IN-STORE

Access the performance tools and services usually associated with elite cycling teams and professionals in-store here.

With a wide range of analysis and tests available for everybody, the PPL service offered at Broadribb Cycles includes:

- Base line health tests
- Muscular skeletal mobility
- Muscular skeletal strength and conditioning
- Lactate threshold - identify training zones and optimum training threshold
- Bloods/urinalysis profile
- Performance fitness analysis – cardio vascular
- Bike specific data analysis
- Technique and posture session
- Bike fit service

A free demo event will take place during our opening day on Saturday 1st November, so feel free to pop-in, have a chat with the team and find out how you can get more out of cycling.
